

MEMBERS NOTICE

CORONAVIRUS (COVID-19) - UPDATE

19 May 2020

Dear Members,

We have been monitoring the advice of the health authorities, the Government and Triathlon Ireland with respect to COVID-19.

We are continuing to review the situation to ensure that the Club takes the right action at the right time.

The decision to suspend all Club training sessions (Senior and Junior) until further notice was made on 12 March 2020. This remains the case.

You must ensure that any training that you are undertaking is completed in accordance with the advice of the health authorities and the Government.

Our Training Committee will continue to monitor the situation and related advice. Any decision regarding future Club training sessions will be made strictly in accordance with the advice of the health authorities, the Government and Triathlon Ireland.

You will appreciate that it may take time for the Executive Committee and the Training Committee to review, understand and, where necessary, to seek clarification regarding any such advice. This may involve our needing to complete our own risk assessment(s), which may take time. Therefore, we will not react to updated advice or change the decision regarding suspension of Club training sessions until we fully understand the implications thereof both for Members and also the local community.

The Club Room will remain closed for the foreseeable future.

We appreciate that Members are eager to return to training. We will support and facilitate this but only when it is safe and appropriate to do so.

We are very proud of how our Club and Members have responded to the present crisis and look forward to our being able to get back to training and racing once safe to do so.

If you have any specific concerns regarding the Club approach then you can contact the Executive Committee at exec@trilanesboro.com.

Stay safe and well!

Sincerely,

Executive Committee
